HKSYU 50th Graduation Ceremony: Honorary Doctorates Conferred on Dr Jacqueline PULLINGER and Mr SHIH Wing-ching

At Hong Kong Shue Yan University (HKSYU)'s 50th Graduation Ceremony and Honorary Doctorate Conferment Ceremony, two eminent individuals were recognized for their exceptional contributions to Hong Kong society. Dr Jacqueline PULLINGER, founder of St. Stephen's Society, was awarded an Honorary Doctor of Social Sciences, while Centaline Group Chairman Mr SHIH Wing-ching received an Honorary Doctor of Business Administration.

Professor CHEUNG Yuet-wah, Head of the Department of Sociology and Distinguished Professor at HKSYU, lauded Dr PULLINGER's decades-long commitment to drug rehabilitation in Hong Kong. Since her arrival in the city in 1966, Dr PULLINGER has transformed the lives of countless individuals by fostering an environment of love and hope, free from discrimination and punishment. In 1981, she established St. Stephen's Society, a non-profit organisation enhancing welfare and rehabilitation services, earning her the moniker "Mother Teresa of Hong Kong".

Professor CHEUNG highlighted the enduring impact of the "spiritual community" model of

rehabilitation pioneered by Dr PULLINGER 60 years ago. The holistic approach, combining comprehensive care with spiritual support, has enabled many to break free from the chains of addiction and rebuild their lives. He commended Dr PULLINGER "for her role as a pioneer in the rehabilitation of drug addicts since the mid-1960s, and her continuous contributions to Hong Kong's drug treatment and rehabilitation system over the decades".

Expressing gratitude for the honour, Dr PULLINGER reaffirmed her commitment to serving those trapped in poverty through St. Stephen's Society. She also encouraged the graduates of HKSYU to make an impact on the people around them in good and bad times, emphasising the biblical principle of "loving one's neighbour".

The citation for Mr SHIH Wing-ching, written by Professor Peter WONG Chung-ming of the Department of Journalism and Communication, was read by Head of Department Dr LEE Kaman, also HKSYU Assistant Vice President. In the citation, Mr SHIH was commended for his entrepreneurial spirit and innovative business

philosophy. Founding Centaline Property Agency at the age of 29, the company committed to the "focusing on agency, not speculation" principle. Mr SHIH also adopted a "3-3-3 strategy", allowing employees, shareholders, and the company to share profits equally and receive their fair share of rewards.

Dr LEE highlighted Mr SHIH's dedication to stay attuned to the pulse of the times by establishing free newspaper am730, where he shares his business insights, life experiences and management philosophy. Dr LEE also lauded Mr SHIH's compassion and commitment to improving the society through his philanthropic endeavours, such as the SHIH Wing-ching Foundation, to "give back to society and to improve it". She commended Mr SHIH's contribution to society "serves as an inspiring example for students to follow".

Mr SHIH expressed his honour in receiving the honorary doctorate and reflected on the pursuit of knowledge. He reminded graduates to stay humble and recognize the cumulative wisdom of past generations. Speaking to the media after the ceremony, he shared his personal philosophy of self-assessment and innovation, encouraging students to "leave room for exploration" in their learning journeys and embrace lateral thinking to explore new possibilities.

The 50th Graduation Ceremony was held in four sessions across two days on the 28th and 29th November, 2024. A total of 1,046 graduates were awarded degrees from the University's undergraduate and postgraduate programmes. The Presiding Officers who conferred the degrees were Mr Kenneth TING, Chairman of Board of Governors, Dr Francis CHEUNG, Vice Chairman of Board of Governors, Professor Danny WONG, Chairman of University Council, and Professor HU Yao-su, Provost of HKSYU.

The Presenting Officers who introduced the proceedings included members of HKSYU senior management: Professor Catherine SUN, Senior Vice President, Dr Jason CHOW, Vice President (University Administration), and Dr Alex LI, Associate Academic Vice President (University Research).

Among the graduates who were awarded degrees from the University's postgraduate programmes, one was awarded a PhD in Psychology, and four received Master of Philosophy degrees in Chinese and History. The undergraduate programmes also celebrated exceptional achievements, with two graduates from the Department of Chinese Language and Literature receiving the "Academic Programme Achievement Award".

HONG KONG SHUE YAN UNIVERSITY The 50th Graduation Ceremony Citation

Jacqueline PULLINGER Doctor of Social Sciences, honoris causa

A citation written and delivered by Professor CHEUNG Yuet-wah

It is a great honour for me to present Dr. Jacqueline tress, guiding them to draw upon inner strength to PULLINGER for the degree of Doctor of Social Sciences, honoris causa.

In the eyes of many in Hong Kong, the Kowloon The 1970s witnessed an expansion of their efforts Walled City held an air of mystery, notorious for its reputation as a haven for illicit activities such as triad societies, drug trafficking, prostitution, and unauthorized medical practices. It existed as a place of "three non-interventions," outside the direct governance of Hong Kong, the British authorities, and Mainland China. It was not until 1987 that China and the UK jointly decided to demolish the Walled City. The demolition process was completed in 1994.

While portrayals of the Kowloon Walled City in the media often focus on its darker aspects — violence, illegal gambling, prostitution, poverty, etc. — they were hardly the full picture of life within its walls. Unlikely as it may seem, a 22-year-old British woman, fresh from music school, answered a divine calling and ventured to Hong Kong for missionary work, eventually making her home in the heart of the Walled City. Her unwavering dedication to aiding the destitute in one of Hong Kong's most deprived areas gradually earned her the respect of residents and even the forbearance of criminal factions. Remarkable tales of criminals and opium addicts embracing Christianity and forging new life paths were vividly chronicled in her books Crack in the Wall: The Life and Death of Kowloon Walled City (London: Hodder & Stoughton, 1973) and Chasing the Dragon: One Woman's Struggle Against the Darkness of Hong Kong's Drug Dens (London: Hodder & Stoughton, 1980).

Dr. PULLINGER embarked on her mission single-handedly, gradually assembling a team of volunteer helpers-many of whom were recent converts with histories of addiction or crime. Through word of mouth, the compassionate efforts of Dr. PULLINGER and her team resonated with residents within and around the Walled City, earning her the title of "Hong Kong's Mother Teresa". Dr. PULLINGER's approach was simple yet profound: she delved into the hearts of individuals in dis-

break free from their pasts and embrace a new life through God's love.

in saving lives and souls, leading to the establishment of several homes for worship and drug rehabilitation. These initiatives culminated in the formal establishment of the St. Stephen's Society in 1981. In 1985, the Hong Kong Government allocated the Hang Fook resettlement camp in Sham Shui Po to the Society, significantly bolstering their welfare and rehabilitation endeavours. Subsequently, in 1997, the Hong Kong Government allocated a plot of land in Shatin to the St. Stephen's Society for the construction of multi-purpose rehabilitation homes, where individuals with multiple addictions and their caregivers resided together. After twenty-five years of profound community service, Dr. PULLINGER garnered recognition, including an MBE from the UK in 1988 and an Honorary Doctor of Social Sciences from the University of Hong Kong in 1991.

Dr. PULLINGER's contributions to the Hong Kong society cannot be fully appreciated without a reference to the drug scene of Hong Kong in the second half of the 20th century. Opium, once legal in the British Colony of Hong Kong since the 19th century, left a troubling legacy of widespread opium addiction. During the early 20th century, heroin, a derivative of opium, gained popularity due to its ease of use, portability, and profitability compared to opium. By the 1940s, heroin had become the dominant illicit drug in Hong Kong, vet governmental attention towards the heroin crisis remained scarce. Treatment for narcotics addicts was limited to short-term detoxification services offered by a few hospitals until 1958, when a compulsory treatment programme was implemented for severe addicts within the prison population. In 1961, the Society for the Aid and Rehabilitation of Drug Addicts (SAR-DA), a voluntary treatment NGO under government subvention, was founded, signaling the beginning of voluntary addiction treatment services. Consequently, two forms of treatment services emerged in Hong Kong since the 1960s: compulsory treatment for addicts in prisons and voluntary treatment services for addicts within the community.

As the concept of treating narcotics addiction began to take root in the minds of government officials and healthcare practitioners in the 1960s, the arrival of Dr. PULLINGER in 1966 proved timely. Her pioneering work demonstrated that saving the lives of addicts could be achieved through a communal approach that involved addicts, their families, and dedicated staff members. Within this community, there was no room for discrimination, degradation, or punishment. Instead, addicts were enveloped in a nurturing environment characterized by love, hope, and support from spiritually connected brothers and sisters in the family of Jesus.

This setting could be described as a "Spiritual Community," serving as one of the earliest forms of "Therapeutic Community," an approach that has gained prominence in drug rehabilitation since the 1990s. Alongside Dr. PULLINGER, several Christian organizations had also initiated rehabilitation efforts with addicts from the late 1960s onwards. Christian programmes that focused on saving both bodies and souls gradually emerged as a cornerstone of rehabilitation services for drug addicts in Hong Kong during the 1960s and 1970s. These initiatives not only became integral to Hong Kong's drug treatment and rehabilitation landscape, but also served as a source of inspiration for the government, public health professionals, and social workers in shaping the evolving system for decades to come.

By the 2000s, the drug scene in Hong Kong underwent a significant transformation. A notable surge in the use of psychoactive substances, particularly ecstasy and ketamine, among young people, necessitated adaptations in the existing heroin-focused treatment facilities to cater to the needs of young psychoactive drug abusers. The government responded by allocating substantial resources and manpower to address the escalating problem of youth drug abuse, resulting in a marked decline in the prevalence of drug abuse among young people over the past decade. This shift underscores a proactive response to the changing dynamics of drug abuse, with a focus on tailored interventions to effectively combat emerging substance use trends among the youth population in Hong Kong.

Presently, Hong Kong's drug intervention framework has evolved into a contemporary, efficient, and multifaceted system that leverages cutting-edge counselling and psychosocial methodologies while prioritizing positive treatment outcomes. Despite the increasing modernization and institutionalization in the organization of drug strategies, Christian religious programmes persist as pivotal components of drug rehabilitation ini-

The enduring legacy of the "spiritual community" model, pioneered by Dr. PULLINGER six decades ago, stands as a testament to its enduring effectiveness. This approach, rooted in healing both the body and soul—a principle that has defined Dr. PULLINGER's lifelong dedication—remains a potent catalyst in motivating individuals struggling with addiction to break free from drug dependence and embark on a transformative journey towards a new life. The integration of Christian values and the holistic approach to healing continue to demonstrate their relevance and resilience in the realm of drug rehabilitation, underscoring the profound impact of spiritual support and comprehensive care in fostering rehabilitation and recovery among individuals grappling with the harms of substance abuse in Hong Kong.

Professor HU, in recognition of her role as a pioneer in the rehabilitation of drug addicts since the mid-1960s, and her continuous contributions to Hong Kong's drug treatment and rehabilitation system over the decades, I present to you Dr. Jacqueline PULLINGER for the degree of Doctor of Social Sciences honoris causa.

香港樹仁大學 第五十屆畢業典禮 贊辭

潘靈卓 榮譽社會科學博士

以下贊辭由龔志強博士翻譯

本人非常榮幸在此恭請副校監閣下頒授榮譽社會科學博士學位予潘靈卓博士。

在許多香港人眼中,九龍城寨是一處充滿神秘色彩的地方,它包藏著各種不法活動,不單黑幫橫行、毒品販賣猖獗,更有不少賣淫及無牌行醫的場所。九龍城寨能穩立不倒,因為它不受港英政府及中英兩國政府直接管轄,是「三不管」地帶。中英兩國直至1987年才協定將城寨清拆,整個工程至1994年完成。

傳媒對城寨的描繪,往往聚焦於它黑暗的一面,如暴力、非法賭博、娼妓和窮困等問題,卻未能將城寨的生活面貌完全呈現出來。令人詫異的是,一名22歲剛從音樂學院畢業的英國女子,卻回應召命,到香港投身宣教工作,居住於城寨的中心,更最終以此為家。她矢志不渝,在香港其中一處最貧困的地方服侍窮乏者,逐漸取得城寨居民的尊敬,甚至得到幫會的容忍。她撰寫的兩部書: Crack in the Wall: The Life and Death of Kowloon Walled City和Chasing the Dragon: One Woman's Struggle Against the Darkness of Hong Kong's Drug Dens (中譯本為《追龍》),均生動地記載罪犯及癮君子奇妙地接受基督教信仰、展開人生新一頁的精彩故事。

潘靈卓博士獨力開展宣教事工後,漸漸有義工加入,團隊成員很多是初信信徒,過去都曾吸毒或犯法。她與團隊的愛心服侍被傳揚開去,獲得城寨和附近居民的讚賞,使她贏得「香港德蘭修女」的稱號。她與人接觸的方式是既簡單又深入:她進入受困擾者內心深處,引導他們倚靠內在的力量擺脫過去,藉著神的愛重過新生活。

在上世紀70年代,潘博士拯救生命和靈魂的工作得以擴展,建立了數個敬拜及戒毒的場地。這些努力促使聖士提芬會於1981年正式成立,及後香港政府於1985年向該會批出深水埗臨時房屋區的「幸福營」,使它在福利和戒毒方面的工作大為加強。到1997年,聖士提芬會又獲政府批出沙田一幅土地,作為多用途康復院舍。院舍提供了居所,讓一群染上各類癮癖的人可與照顧者一起生活。潘博士一直努力不懈服侍社會,她的貢獻獲得廣泛認同,包括二十五年後於1988年獲得英國MBE勳銜,以及1991年獲香港大學頒授榮譽社會科學博士學位。

我們若了解毒品如何在二十世紀下半葉為禍香港,就 更能領會潘博士對社會的貢獻。自十九世紀以來,鴉 片在香港這片英國殖民地曾一度合法存在,導致吸毒 問題嚴重,遺下一段叫人扼腕的歷史。二十世紀初,從 鴉片提煉的海洛英,較鴉片更方便吸食,加上毒販可 獲更高利潤,因而氾濫成災。至1940年代,海洛英成 為最多人吸食的毒品。然而,政府卻對問題缺乏應對。 毒癮治療只局限於由少數醫院提供的短期戒毒服務。 直至1958年,政府才開始為染上嚴重毒癮的囚犯提供 強制戒毒治療。由政府監察的民間志願團體香港戒毒 會(SARDA),於1961年才正式成立,標誌著自願戒毒 服務的開始。因此,1960年代以來,共有兩類戒毒服 務,分別是在囚吸毒犯人的強制戒毒,以及社區內吸 毒者的自願戒毒。

潘博士於1966年抵港,在時間上最切合不過,因為正遇上政府官員及醫護人員開始接受戒毒治療的理念。她先驅性的工作,展示了若要成功拯救吸毒者的生命,必須依靠多方共同努力,包括吸毒者自身和家人的投入,也包括委身的工作人員,組成一個小社區。在這樣的社區內,沒有歧視、侮辱或懲罰。反之,他們在一個充滿愛和希望的環境得到扶助,在基督這個大家庭得著主內弟兄姊妹的支持。

這可說是一種「屬靈社區」,亦是最早以「治療社群」出現的戒毒方式之一。自上世紀90年代起,「治療社群」成為一種突出的戒毒與康復治療。由60年代後期開始,在香港開展戒毒工作的,還有其他基督教團體。60及70年代,一些本於基督教信仰,著重同時拯救吸毒者靈魂和肉體的計劃,逐漸成為本港戒毒服務的一個基礎。這些措施不僅是戒毒治療及康復工作來可缺少的一環,更為政府、公共醫療專家及社工帶來靈感,有助他們在隨後數十年不時作出調整,制定合適的戒毒政策。

在21世紀起初十年,本港吸食毒品的情況出現重大改變,濫用各類精神科藥物的趨勢明顯上升,特別是興奮劑和俗稱「K仔」的氯胺酮,極受年輕人歡迎。為應對問題急劇惡化所帶來的挑戰,有需要修訂當時只針對濫用海洛英的治療設施。在政府投放大量資源和人力後,青少年濫藥的情況在過去十年顯著改善。這種策略上的變更,反映具針對性的干預可以帶來成效,而積極回應持續轉變的濫藥問題相當重要。

本港打擊濫藥的政策框架,目前已演變為具備最先進的輔導和心理的治療康復系統。它既嶄新,且高效率和多面向,亦著重有效的治療成果。儘管戒毒策略日趨現代化和制度化,本於基督教信仰的戒毒治療,仍然是整體康復計劃的重要組成部分。

潘博士六十年前創建的「屬靈社區」戒毒治療模式,至今仍行之有效。她努力奉獻一生,踐行這種使身體與靈魂同得醫治的信念和原則,現今依然成為激勵吸毒人士擺脫毒品枷鎖、踏上轉化之旅、重過新生活的強大動力。此個結合基督教價值觀和整體治療的方法,在戒毒康復領域中,持續展現它是既有效,亦具韌性。它所強調的全面照顧及靈性上的扶持,在香港產生了深遠的影響,使不少飽受毒品傷害的人得以康復。

胡副校監,為表揚潘靈卓博士自1960年代中期起為戒 毒者的康復開展先驅性工作,以及數十年來一直對本 港戒毒治療及康復制度作出貢獻,本人謹恭請胡副校 監閣下頒授榮譽社會科學博士學位予潘靈卓博士。

Love Your Neighbour: Jacqueline PULLINGER's Selfless Dedication in Hong Kong's Forgotten Corners

The film, Twilight of the Warriors: Walled In, brings back the life of residents inside the forgotten Kowloon Walled City in the 1980s. The shadowy fortress, known as a haven for drugs and crime, existed as a place of "three non-interventions" before it was demolished. One young British missionary, however, was determined to sow hope for the lost youth who lived inside the walls. Dr Jacqueline PULLINGER, then fresh out of University, arrived in Hong Kong in the mid-1960s with one purpose: to serve those who society had cast aside. Now in her 80s, she remains in Hong Kong, working quietly for the city's most vulnerable.

Dr PULLINGER's selfless service aligns with the spirit of Hong Kong Shue Yan University's motto, "Cultivating virtues of benevolence; broadening horizons and knowledge." In recognition of her role as a pioneer in the rehabilitation of drug addicts for six decades, the University presented her with the honorary Doctor of Social Sciences degree.

In an interview with Shue Yan Newsletter, Dr PULLINGER expressed her gratitude and appre-

ciation, stating that she carefully read about the University before accepting the honour. "I very much appreciate what your university has done, so I'm glad to accept the honour," she said. Her mission, "Love your neighbour", is rooted

in her faith and is something she encourages young people to explore. She hopes they will find meaning in it by connecting with the impoverished.

Dr Jacqueline PULLINGER's journey began not in ministry but in music. A graduate of London's Royal College of Music, she first taught music in England. But her calling was always greater. In 1966, then 22, she travelled alone from London to Hong Kong, beginning her missionary work to help countless underprivileged people over several decades.

Now 80, Dr PULLINGER is based in Cheung Sha Wan, with St. Stephen's Society situated in a community surrounded by markets, old buildings, and public housing estates. Looking out from her window, she can see the weathered pipes of the buildings across the street, a view she loves because it represents Hong Kong's reality.

Following what she describes as a "calling from God", Dr PULLINGER is determined to make the most of her only one life to avoid future regrets. Upon arriving in Hong Kong, Dr PULLINGER taught music at a school to support herself while moonlighting with the Hong Kong Philharmonic—until her missionary work began to occupy her fully.

A year after arriving, she stepped into the Kowloon Walled City for the first time. "There was no water, not many people had electricity, and sewers were just opened. There were more rats than people," she recalls. "The teenagers and

The plight of young people trapped in crime and addiction struck her deeply. They included those who sold tickets at adult cinemas or children whose parents were addicts. "They have no choice in life. Of course, they are going to join the gang."

Dr PULLINGER's answer was to support these lost youth by opening a youth centre inside the Walled City. Among other things, it offered recreational activities and organized camping trips, showing them a different way of life. It was about giving them "sunshine in their lives", she says. It was only when the Walled City was demolished in 1993, after more than 20 years of service there, that she left the area.

In 1981, Dr PULLINGER founded the St. Stephen's Society, a community dedicated to supporting addicts and the poor across Hong Kong. Today, the organization houses over 100 residents while providing alternative education for youth to encourage them to live beyond screens, video games, and mobile phones. She smiles as she explains that the society was not very organized initially, as it began with her simply opening her own home to those in need. As more volunteers joined and a bank account was needed, an organization was formed. "Helping and loving poor people isn't charity

work. I just saw someone in need, sometimes I took them into my home to live with me, sometimes I helped them get off drugs," she says, "I just came to share my life with them."

Having lived here for most of her life, Dr PULLINGER considers Hong Kong her home, more so than her birthplace in Britain. "Hong Kong is a great place full of wonderful people," she says, though she admits the city's stark inequality prevents many from starting a good life. "There is still so much to do; I haven't finished yet."

Her empathy extends especially to the elderly women she has met. "Most of the old ladies were working two or three jobs in order to raise their children and send them to school or University... I highly respect them," she says.

Like the biblical command to "love your neighbour," Dr PULLINGER has never strayed from this message. She encourages University students to get involved with the impoverished to find life and riches. "The more you are involved with people who have little, the more you realize how little you have because they have so much to give you," she says. Then you start to look at things the other way round."

愛你的鄰人 潘靈卓博士 逾半世紀奉獻香港

電影《九龍城寨之圍城》廣受歡迎,令大眾重新認識九龍城寨這個消失30年的「三不管」地帶。眼見昔日城寨很多年輕人沉淪毒海,來自英國的傳道人潘靈卓博士(Jacqueline PULLINGER)大學畢業後隻身赴港,用生命感動生命,助迷途青年重返人生正途,直到今天仍然在港為弱勢社群服務。

潘靈卓博士無私奉獻社會,與香港樹仁大學校訓「敦仁博物」的精神不謀而合,獲仁大頒授榮譽社會科學博士學位。

潘博士接受《樹仁簡訊》專訪時表示,對此感到榮幸, 「我非常欣賞貴校所做的事,因此很高興接受這個榮譽。」其人生宗旨為「愛你的鄰人」,寄語年輕人多接 觸窮人,在過程中尋找生命意義。

畢業於英國皇家音樂學院,她第一份工作是在英國教音樂,但一直沒有放棄當傳道人。1966年,當時22歲的她隻身從英國倫敦來到香港,自此踏上宣道之路,數十年間幫助無數低下階層。

年屆八十的潘博士創辦的「聖士提芬會」位於長沙灣,樓下是街市,周圍均是唐樓和公共屋邨。從她房間的玻璃窗,可以看到對面樓的老舊喉管,她表示很喜歡深水埗區,直言這些喉管代表香港,反映香港真實一面。

被問到為何在大學畢業後毅然遠赴香港傳教,潘博士認為這是上帝的指引,她表示生命只有一次,希望能好好善用,以免自己後悔。抵達香港後,潘博士很快找到工作,在一間學校教授音樂,同時在香港管弘樂團演奏。她坦言教書是為養活自己,但直到無法同時兼顧傳道工作,便放棄教音樂。

來港翌年,潘博士走進「三不管」的九龍城寨。城寨環境惡劣,她形容「沒有水、沒有多少人有電、渠蓋是打開的,老鼠比人還要多,青少年和小童沒有免費的小學教育。每月學費為4元,但很多學生無法支付。」她還看見無數「破碎生命」,包括在成人戲院售票的少年、父母為癮君子的年輕人,「他們的人生別無選擇,當然會加入黑社會」。

為了幫助城寨青年走出迷惘,潘博士創辦青年中心,提供康樂活動,假日帶他們露營,希望年輕人擁有陽

光的人生。直到城寨1993年清拆,潘博士才離開這個工作20多年的地方。

1981年,潘博士成立「聖士提芬會」(The St Stephen's Society),協助全港各區的吸毒者及基層窮人。「聖士提芬會」其後擴展為可提供過百個宿位的機構,亦向青少年提供另類教育,主要透過遊戲、思考和學習,讓他們不再依賴媒體、電子遊戲和電話,重拾對人生的熱情。潘博士笑言「聖士提芬會」並非很有組織,她最初開放自己的家,讓基層人士入住,不需要組織也能做得到,但後來愈來愈多義工加入,同時需要銀行戶口處理資金,因此需要成立組織。「我從來不是做慈善工作,我只是分享我的生活,尤其與窮人分享。幫助和關愛窮人不是慈善工作,我只是看見有人需要幫助,有時帶他們回家,有時幫助他們戒毒。」

潘博士情繫香港,早已視香港為家,而非其出生地英國。她形容香港人傑地靈,但貧富懸殊問題嚴重,很多人未能展開美好人生,「我在香港還有很多事情要做,但尚未完成。」對於香港人,潘博士對老婦尤其憐憫,她指上一代女士辛勤工作,同時兼顧兩至三份工作,矢志將子女養育成人、接受更好的教育,令人非常敬佩。

潘博士一直秉持「愛你的鄰人」的精神服務基層,亦鼓勵大學生多接觸窮人,在過程中自然找到生命意義與財富,「當你與那些擁有很少資源的人交往愈多,你愈會發現自己原來也很匱乏,因為他們有太多東西可以給予你,這會讓你開始從不同的視角看待事物。」

Two Inscriptions

Two inscriptions are displayed in Mr. SHIH's office, reflecting his most deeply-held beliefs.

The first reads, "It is more blessed to give than to receive." This highlights his intention and purpose in establishing his Foundation, emphasizing his commitment to giving back to society Mr. SHIH Wing-ching, who has built his busiand improving it. The second inscription comes from the closing lines of the famous poem "The Fisherman," attributed to Ou Yuan:

"When the Canglang's water is clear, I can wash my tassel;

When the Canglang's water is muddy, I can wash my feet."

This encapsulates Mr. SHIH's philosophy of life and path to success. Whether in good times or bad, he approaches changes in the world with equanimity.

A Sympathetic Heart

In his early years, while traversing the heartland, Mr. SHIH witnessed the plight of impoverished peasants:

"They had no oxen, so they pulled the plow with their shoulders, which became swollen,

These experiences motivated him to establish his Foundation. His compassion was also inspired by Bertrand Russell, who spoke of "unbearable pity for the suffering of mankind." His empathy has driven Mr. SHIH to care deeply for society's well-being, thus fulfilling his lifelong

香港樹仁大學 第五十屆畢業典禮

施永青

榮譽工商管理學博士

以下贊辭由黃仲鳴教授撰寫及由李家文博士在典禮宣讀

三個關鍵詞

1978年,29歲的施永青,在理想和現實之間劇烈交 戰下,母親兩句話轟醒了他,這兩句話是:「沒有我, 你怎麼生活下去?」於是,他決定下海,與友合組一家 「決不炒樓、專注代理」的地產公司,名字是「中原地 產」。施永青說,「中原」一名是衝口而出,但當中的 含意,卻是他年輕時已有的抱負和心願:放眼中原、逐 鹿中原。這是他人生的第一個關鍵詞,不可磨滅的關 鍵詞。

29歲前,他曾經懷著火紅的理想,奔赴「中原」,親身 體驗了貧下中農的艱苦生活。在香港,他曾到一所工人 夜校教書,在微薄的薪金下,為時達8年,但他毫不後 悔,生活過得異常充實。其間,他讀了不少書,如羅素 的作品,如《牛虻》,如《鋼鐵是怎樣煉成的》等,但書 不果腹,日子窘迫,唯靠母親接濟。終於,他報效「中 原」那一腔理想,轉移到謀取實際財富的「中原」。

1992年,他全權掌控中原,於是實施存於心中的經 營理念和策略,由香港擴展至「問鼎中原」。幾經奮 鬥,在全國設立分店超過2,000家,員工逾4萬人。至 此,「中原」成就了施永青的財富,也成了他人生中 一個深刻的印記。

在經營上,施永青採的是333制策略,即是職工、股 東、公司平均分獲利潤;他要讓勞動者同樣分得酬勞。 他創辦《am730》,同樣採這措施。

2005年7月,《am730》創刊,是香港第3張免費報 紙。這是他人生第二個關鍵詞。《am730》的讀者對 象是年輕人和白領階層。am730是一日之晨,是學生 上學、白領開始上班之時,早上朝氣勃發,他以獨特的 新聞視角和思想,傳遞給社會大眾。他在每日的報上

施永青先生(右)與仁大首席副校長孫天倫教授(左)。

撰寫<C觀點>,議論時事、分享營商心得、人生歷練, 和他那崇尚自由市場、「無為而治」的經營理念。無論 寫什麼,他都把握時代脈搏,勇於發聲。

2022年,他將《am730》網站及手機應用程式全新改 版。至此,施永青除了商人外,還是傳媒工作者、專欄 作者;透過《am730》,實踐了他人生的理念,和走向 一條文化人之路。

第三個關鍵詞,是「基金會」。

早年,施永青便開始隨緣做些慈善捐贈,對通過慈善 改良社會分配現狀產生了濃厚興趣。1994年,他成立 「施永青基金」,將中港中原名下的股份達45億注入 基金,推動解決內地的三農問題。跟著,他又將個人持 有的《am730》股份捐出。

他成了慈善家。

施永青辦公室有兩幅題詞,可見他的心聲。

第一幅「施比受更為有福」。這幅突顯了施永青的意 向,也是他成立基金會的目的,將賺取而來的金錢, 還諸社會,改善社會。不僅社會有福,他自己「更為有

第二幅是《漁父》的結尾歌:

「滄浪之水清兮,可以濯吾纓;滄浪之水濁兮,可以濯

這題詞是施永青的處世哲學,也是成功之道。不理水 清水濁,他都淡然面對世變。

一顆同情心

早年,施永青縱橫中原,曾目睹貧苦農民這一幕:

「他們沒有牛,用肩膀拉著犁,肩是很腫的,又腫又發 炎又流血還要去拉,衣服也沒得穿。後來有個說法,農 民真苦、農村真窮、農業真落後。所以我一路都有關注 農民的生活狀況。」

這是促使他成立基金會的動因。同時,他那一顆同情 心,是緣於英國哲學家羅素「對受苦難的人難以抑制 的同情心」,這顆心推動他要關懷社會,成就了他一生 的志業。

施永青白手興家,敢言作風,和對社會的貢獻,值得我 們莘莘學子的景效。謹此恭請胡副校監閣下,頒授施 永青榮譽工商管理學博士學位。

Mr SHIH Wing-ching on **Building a Life's Work:** A Quest for Knowledge and Compassion

Mr SHIH Wing-ching, founder of Centaline Property, started his company 46 years ago with just a shared desk. Today, Centaline is a leading real estate agency household name, employing over 30,000 people across Hong Kong and Mainland China. His remarkable journey - from an aspiring young idealist to the architect of an industry giant - has earned him an honorary Doctorate of Business Administration from Hong Kong Shue Yan University.

In his interview with Shue Yan Newsletter, Mr SHIH spoke with humility and introspection, admitting to "mixed feelings" about the honour. "I'm not someone who seeks out accolades," he says, "but I'm honoured nonetheless."

At 75, Mr SHIH's commitment to society's well-being and relentless pursuit of knowledge resonates with Hong Kong Shue Yan University's motto, "Cultivating virtues of benevolence; broadening horizon and knowledge". Guided by Taoist philosophy, he views true goodness as empowering others to chart their own paths. "Human beings are naturally curious," he reflects. "We're born to question, and in seeking answers, we learn and broaden our knowledge.'

Mr SHIH praises Shue Yan's approach, which he says places students' growth at the center of its mission, less bound by the constraints of conventional systems. He encourages the University to remain true to its founding vision and resist the pressures of chasing rankings or funding benchmarks alone.

A deep commitment to social justice marked Mr SHIH's early life. Just out of secondary school and not yet 20, he began teaching at a night school for workers, many of whom had missed out on formal education. He wanted to do more than pass on knowledge; he hoped to inspire them to advocate for their rights. He recalls a day when a student mistook his quiet walk home for something darker, even following him to ensure he was not contemplating self-harm. "Those were difficult, but fulfilling, days," he

By 29, Mr SHIH made a pivotal shift, co-founding Centaline Property with a partner and a modest investment of \$5,000. In 2005, he expanded into media, launching the free newspaper am730, a platform for his perspectives on business and society.

Today, Mr SHIH is as much an educator as he is an entrepreneur. He still teaches business and real estate management at local universities. In 2007, he founded the city's first private primary school promoting affective nature education and autonomous learning. For Mr SHIH, knowledge cannot be confined to textbooks. "Books come in two types," he notes, "those written by people and those 'heavenly books' we experience in nature and society. School teaches the first, but true wisdom is in the latter."

Mr SHIH himself is a lifelong student. "My curiosity about the universe, my quest for truth—it has never stopped," he says. He hopes young people will harness this same curiosity, equipping themselves to thrive in an ever-competitive world. However, he observes that many Hong Kong students "study to land a good job or gain diplomas" rather than out of a true hunger for knowledge. Learning, he insists, should be less about "model answers" and more about learning to ask questions. "If you can ask ques-

tions you don't understand and pursue answers, then you're truly learning," he says.

He is pragmatic about the prospects of Hong Kong's youth climbing the social ladder, noting that the opportunities available today, such as 12 years of free education, are far greater than in the past. "Don't start making excuses for failure before you have even started trying," he says.

While he has built his career from nothing, he urges young people to wait before entrepreneurship. "Work for at least three years, build experience, and reach a management position first," he advises. He warns that around 80% of new businesses fail within two years, and fewer than 5% survive beyond five years. A more measured approach, he suggests, can set a stronger foundation for success.

Yet, for all his success, Mr SHIH remains remarkably modest. The pursuit of external appearances—fashion, cars, or other symbols of status, he says, only leads to a dead-end. He has committed all his shares in Centaline to his charitable foundation, disinterested in wealth for its own sake. "Money means little beyond a modest life," he remarks, adding that the deepest fulfilment lies in "finding value in others", such as through charitable work.

As for his guiding beliefs, Mr SHIH quotes British philosopher Bertrand Russell: a longing for love, a pursuit of truth, and "an unbearable pity for the suffering of mankind." He believes this is the essence of a meaningful life: "finding value in others, allowing life to extend infinitely."

- Mr SHIH (middle) and his family shared the joy of receiving an honorary doctorate degree from HKSYU.
- 2 Mr SHIH is a lifelong student, stating that most of his knowledge has been acquired through self-learning.

從未停止尋求學問 施永青求知若渴活出一生

中原集團創辦人施永青先生,公司由46年前的一張合租寫字枱,發展至今擁有逾3萬名員工,成為中港知名的地產代理龍頭,他的奮鬥故事樹立行業的典範,獲得香港樹仁大學的肯定,因而獲頒授榮譽工商管理學博士學位。

施永青先生接受《樹仁簡訊》專訪時表示心情有些複雜,認為自己不是追求外在榮譽的人,但對此殊榮感到榮幸。

現年75歲的施永青先生熱衷公益,以及不斷求知的精神,與仁大校訓「敦仁博物」契合。施永青先生崇尚道家思想,相信「善的最佳模式」令他人發揮自由意志,追求事物;他指出人類總要終身學習,人有眼耳口鼻,每天接受新資訊,自然要吸收新知識,「每個人天生都是『博物』、對不明白的事存有疑問,有疑問便會尋求答案。」

對於仁大的未來發展,施永青先生稱讚仁大一直重視 學生的成長,勉勵校方在爭取排名和資源的同時,繼 續保持辦學初心。

事實上,年輕的施永青先生是一名關懷社會的熱血分子,渴望改變社會不公制度。中學畢業後,不到20歲的他在工人夜校執教,不單協助失學工人學習知識,還希望喚醒他們爭取自身權益。他憶述自己有一次放學,因為太操心而心情低落,獨自在街上閒逛,豈料被學生跟蹤,原來這位學生誤會他有意輕生;他形容「那段時間辛苦但很愉快」。

施永青先生當全職教書長達8年,直至1978年他當時29歲,與拍檔各自掏出5,000元,開始經營地產代理生意,「中原地產」就此誕生;到2005年更踏足傳媒業創辦免費報紙《am730》。

投身商業世界後,施永青先生仍然不忘教育,在不同大專院校教授與本業有關的知識,例如房地產、企業管理等。2007年,他更出資成立香港首間提倡情意自然教育及自主學習的私立小學。他指出「書有兩種,一種

是天書,一種是人寫的書,學校教的是人寫的書,但世 界上的知識是透過接觸自然、社會去掌握。」

施永青先生從小到大求知若渴,好奇心很重,坦言自己大部分知識是靠自學得來,「對宇宙的奧秘、對真理的追求,從未停止過」。他鼓勵年輕人好好裝備自己,掌握知識才能提高競爭力,「大部分香港學生讀書只為了將來找份好工,多幾個銜頭,多幾張文憑,真真正正對知識有渴求的不算多。」他又質疑填鴨式教育的成效,認為香港學生在「學答」而非「學問」,由老師教授標準答案(model answer),學生答對就有分,而非尋求學問,「你懂得問不明白的問題,然後尋找答案,代表正尋求學問。」

他又勉勵年輕人,不要對向上流感到悲觀,因為現時年輕人已享有12年免費教育,機會亦較從前多,不應尚未奮鬥就為自己未能成功找下理由;施永青先生白手興家,但不建議年輕人畢業後貿然創業,指這樣創業的失敗率很高。他指出,8成新公司兩年內會捱不住倒閉,5年內存活率不足5%,又建議年輕人至少工作3年,累積一定社會經驗,甚至晉升至管理層,才有創業的本錢。

施永青先生又表示,很多人只在乎外表、打扮和跑車等外在因素,只會令自己「很快走上絕路」,要取得滿足感和成就感,唯一方法為「在他者身上展現價值」,例如從事慈善工作。施永青先生早年已將公司股份全數注入名下的慈善基金,坦言錢賺得再多也沒有意思,自己過簡樸生活便足夠。

被問到人生座右銘,施永青先生引用英國哲學家羅素的說話,指支配自己人生的信念有3個,分別為對愛的渴求、對真理的追求,以及對受苦的人有難以抑制的同情心。他形容這是有意義的人生,「在他者身上尋求價值,(生命)可以無限延伸。」

Hong Kong Shue Yan University (HKSYU) took a significant step towards promoting Hong Kong as a global higher education hub by introducing the city's first one-year International Foundation

Year Programme (IFYP) in September 2024. The programme, designed for international students, aligns with the government's commitment to build the "Study in Hong Kong" brand on a global scale.

At a media event held on November 13, 2024 at the Mrs Dorothy KOO and Dr Ti Hua KOO Plaza in the campus, HKSYU Senior Vice President Professor Catherine SUN said the University is taking a proactive approach to address challenges brought by declining birth rates and intensified competition from an increasing number of higher education institutions in the city. She highlighted the need to "find our own students", as the University sought to diversify its student base and expand its reach to the international market.

Drawing on global practices, Professor SUN said foundation programmes are a proven pathway to recruit international students. HKSYU is actively targeting students from all places. She said the programme has already received numerous inquiries for the next academic year, with South-East Asian students showing the most interest. Professor SUN expressed confidence in an increase in enrolment numbers for the upcoming year.

Professor SUN also highlighted the affordability of HKSYU's programmes, with tuition fees for its postgraduate courses about half the cost of comparable programmes offered by overseas or public universities. The University is also integrating digital learning elements to stay align with modern educational trends.

IFYP Programme Director Dr Michelle CHAN said the programme is meticulously designed to not only enhance international students' academic abilities, but also support their holistic development. The curriculum equips students with a solid foundation in areas such as social sciences, business, arts, and culture while enhancing their language proficiency, ensuring they are well-prepared for undergraduate studies.

The inaugural class of IFYP comprises 15 international students from South Korea, India. Pakistan, and Myanmar. Among them, Htet Htet Oo Wai from Myanmar, shared that her decision to study in Hong Kong stemmed from her passion for experiencing different cultures and engaging with people from diverse backgrounds. She plans to continue her undergraduate studies at HKSYU.

Similarly, Muaarij Haider from Pakistan expressed gratitude for the University's robust support, especially for the prayer room and halal food options. He credited these accommodations, along with the help of senior students and peers for easing his transition to a new environment. He aims to pursue a bachelor's or even a master's degree in Applied Data Science at HKSYU.

South Korean student Chan Woo Seok reflected positively on his IFYP learning experience, describing the programme as flexible and manageable, allowing him to enjoy learning at his own pace.

The IFYP curriculum combines compulsory foundational courses with optional electives tailored to students' academic interests. Core subjects include English, basic Mandarin, and Chinese communication skills, while elective options include data analytics, economics, and psychology.

This full-time, one-year programme has tuition fees set at HK\$80,000, inclusive of on-campus accommodation. With an annual intake capacity of 60 students, the programme is open to candidates

[(From left) IFYP students Chan Woo Seok (South Korea), Htet Htet Oo Wai (Myanmar), and Muaarij Haider (Pakistan), alongside local student TAM Suet-ching, enjoyed halal meals together.

holding foreign passports who meet the entry requirements. Graduates who achieve the required language proficiency (IELTS 5.5 or equivalent) will be eligible to join HKSYU's four-year undergraduate degree programmes the following September.

Beyond academics, IFYP offers cultural activities to enhance students' understanding of Hong Kong's rich cultural diversity. This semester's highlights include a coffee art workshop and visits to cultural landmarks such as PMQ and Tai Kwun. To further support international students, HKSYU has introduced a buddy system, pairing them with local students who assist in navigating everyday challenges and adjusting to life in Hong Kong.

Hong Kong Shue Yan University Climbs in QS Asia University Rankings

Hong Kong Shue Yan University has made steady strides in the QS World University Rankings: Asia 2025, climbing to 342nd position from last year's range of 351-400. The University management expressed their gratitude to the faculty, students, and broader university community for their dedicated contributions towards this achievement, which underscores the University's strong academic commitment and bolstered research initiatives.

Professor Selina CHAN Ching, HKSYU Academic Vice President, noted that this progress is particularly commendable given the increase in more than 100 universities participating in this year's QS Asia rankings. "The result reflects HKSYU's sustained competitiveness," she said, pointing to the University's research intensity is highlighted by QS.

Professor CHAN said it is a testament to colleagues' efforts in advancing research and driving community-oriented initiatives in collaboration with the industry over the past few years. She affirmed the University's commitment to expand research in the field of Digital Humanities, benefiting professional communities.

Looking towards the future, HKSYU has outlined the "Five Ps" plan: Programmes, Practices, Profile, People and Place. For Programmes, Professor Chan said the University will ensure its curriculum remains relevant to the digital age and market demands. On Practices, the University aspires to broaden student internships and work experience placements beyond Hong Kong, encouraging students to explore opportunities in the Greater Bay Area, Beijing, Shanghai and overseas. Under Profile, she emphasized the need for greater public visibility to showcase the University's accomplishments.

Professor CHAN added that the University stands out in cultural heritage and mental health fields and expressed optimism for continued growth. One particular notable initiative is the launch of the "Intangible Cultural Heritage Metaverse" project. Supported by the Intangible Cultural Heritage Office, the project utilizes VR technology to bring the Cheung Chau Bun Festival to audience digitally. Led by Professor Chan and involving faculty from the Applied Data Science and Sociology departments, this initiative exem-

plifies HKSYU's dedication to interdisciplinary collaboration in preserving and promoting local traditions.

Dr Jason CHOW Tak-sang, HKSYU Vice President (University Administration), said the rise in the QS ranking reflects the University's years of commitment to teaching, research and investing in campus infrastructure through the lens of Digital Humanities. He likened it to a dragon boat race, with everyone from management to faculty

and students working toward the same goal. Yet, Dr CHOW acknowledged that many of the University's core values, such as Confucian ethics and dedication to student development, are not directly measurable in the ranking metrics. He hopes HKSYU will continue to pursue both the "visible and intitle" and intitle "or the same goal.

visible" elements that define its identity.

Dr CHOW said Digital Humanities at HKSYU is about harnessing digital technologies to enrich humanities education and research. The University currently has several funded research projects, leveraging digital technology to promote traditional culture, enhance students' learning experiences, and support innovative teaching methods. He said the University's future priorities include advancing digital humanities, promoting innovative approaches that integrate traditional practices, and creating pathways for students to apply their learning in real-world contexts.

Dr Alex LI Wang-on, Associate Academic Vice President (University Research) of HKSYU, highlighted the university's strong focus on developing interdisciplinary research and Digital Humanities. HKSYU is a close-knit community fostering collaboration across disciplines and enables faculty to share insights in teaching and research. Dr LI also noted the growing presence of coursework and research projects in the field of Digital Humanities. He stressed the importance of forging stronger partnerships with the industry to enhance the recognition of graduates and provide them with a competitive edge in their careers.

仁大QS亞洲大學排名上升 管理層感激同事努力研究

國際高等教育資訊機構(QS)公布2025年亞洲大學排名,香港樹仁大學排名342,較去年位列第351至400名進步;仁大管理層均感到非常鼓舞,並感謝各持分者的努力。

仁大學術副校長陳蒨教授接受《樹仁簡訊》訪問時表示,今年參加QS亞洲排名的院校較往年增逾百多間,但仁大的排名仍獲得上升,反映出大學能保持競爭力。她又說,QS的報告中形容,仁大的研究高度強勁,實在令人鼓舞。她又感謝同事在過去幾年努力地進行研究工作,並在「產學研」三方面展開緊密合作,令社區或專業團隊得益;日後她將繼續鼓勵同事進行令專業團隊受益,以及與「數碼人文」相關的研究。

對於大學未來發展,陳蒨教授透露,將繼續發展 5個「P」,當中就特別提及其中3個「P」,「Programmes」(課程)方面,學校要與時並進,不時更 新課程內容,以緊貼市場需求和數碼時代發展,而仁 大開辦的新課程還包含數碼元素。至於「Practices」

(實踐),陳蒨教授期望,仁大的實習計劃「更加多、 更加闊、更加廣」,鼓勵學生到大灣區、北京或上海 等地體驗香港以外的的工作文化;亦建議同學踴躍參

> 與海外交流計劃,體驗海 外學習生活。而第三個P 為「Profile」(概覽),她 認為仁大需要較以往高 調,「是時候讓社會知道 我們做了很多」。

仁大QS排名上升,仁大行政副校長周德生博士回應亦指,仁大這幾年在教學、研究及校園建設上,均按照「數碼人文」方針下了很大功夫。他稱,大學排名上升是老師、學生、管理層和其他持分者共同努力的成果,猶如全體人員「扒龍舟」。周德生博士亦指出,學校重視的價值,例如儒家文化精神、對學生質素的培養,均未在排名中反映出來,他期望仁大日後同步發展排名中「看得到」及排名中「看不到」的價值。

他又補充,「數碼人文」是指利用數碼科技提升人文學科的教學與研究,而仁大獲資助的研究項目利用數碼科技,推廣和提升傳統文化,學校亦善用科技提升學生的學習體驗和教師的教學質素。他表示,大學未來大方向包括延續和加深數碼人文發展、推進創新與傳統結合、將學術應用於實際層面,並加強鼓勵學生走出課室,把學到的理論在社會中實踐。

面與業界加強合作,令學生認受性進一步提升,畢業 生受到業界肯定。

HKSYU Secures Record-High Funding for Research Projects

Hong Kong Shue Yan University (HKSYU) has achieved remarkable success in the Research Grants Council (RGC)'s 2024/25 Competitive Research Funding Schemes for the Local Self-Financing Degree Sector (CRFS). The University has its largest number of funded projects since the schemes' launch in 2013, receiving a total of HK\$8.8 million to support 13 research projects.

All 13 projects are rooted in the humanities and social sciences discipline, aligning with the University's mission to advance Digital Humanities and reinvent liberal arts education for the digital age.

Of the 13 approved projects, 11 fall under the Faculty Development Scheme (FDS), with funding ranging from HK\$540,000 to HK\$890,000 for durations of 18 to 24 months. The remaining two projects are part of the Inter-Institutional Development Scheme (IIDS). HKSYU achieved higher-than-average success rates for both schemes - 32% for FDS and an impressive 67% for IIDS – reflecting our faculty and researchers' dedication and the University's commitment to fostering a vibrant research culture.

Dr Alex LI, HKSYU Associate Academic Vice President (University Research), said the number of applications in the recent round marked a record high in a decade, underscoring the synergy between teaching and research at the University. He also noted that HKSYU achieved the highest success rate among participating institutions in the Social Sciences and Humanities panel, with over 40% of its applications receiving funding—well above the sector average of 27%.

Dr. LI highlighted the importance of collaboration as many research projects require interdisciplinary cooperation. The Research Office will continue to encourage cross-disciplinary initiatives to spark new ideas and create impactful research outcomes.

Looking ahead, he hoped the research projects will integrate with teaching development and new curriculum offerings, particularly in areas such as arts, technology and digital media.

13個研究項目獲研資局資助 創歷年新高

大學教育資助委員會轄下的研究資助局(RGC) 2024/25年度「本地自資學位界別競逐研究資助計劃」中,香港樹仁大學一共有13個研究項目獲得資助,共涉及約880萬港元,為2013年有計劃以來,仁大獲批最多項目的一年。而全部項目均屬於人文社會科學學科,與仁大推動「數碼人文」、重塑博雅教育的使命一致。

13個獲批資助的項目之中,11個屬於「教員發展計劃」(Faculty Development Scheme,簡稱FDS),涉及的資助金額介乎54萬至89萬元,為期18個月至兩年;餘下兩個為「跨院校發展計劃」(Inter-Institutional Development Scheme,簡稱IIDS)。FDS和IIDS研究項目的申請成功率分別為32%和67%,較其他參與院校高。仁大認為,這優異的成績不但反映教職員和研究人員的付出,更突顯仁大對培育研究文化的承諾。

仁大協理學術副校長(大學研究)李允安博士接受《樹仁簡訊》訪問時表示,剛過去一年的申請是近10年以來最多的一次,印證學校教學相長,並肯定教職員投入學術研究。他又指,在社會科學及人文學小組中,仁大的成績在眾多院校中最好,超過4成申請成功獲批,高於平均27%的成功率。

李允安博士又認為,許多研究項目需要合作,研究辦事處 (Research Office) 會繼續鼓勵同事進行跨學科研究,透過刺激思維,產生新的研究想法。他期望,研究項目與教學發展或新課程可以互相配合,例如藝術科技、數碼媒體。

仁大與香港延展實境協會簽合作備忘錄培育創意工業人才

香港樹仁大學與香港延展實境協會(HKXRA)於 2024年11月5日在仁大賽馬會多媒體製作中心舉行合 作備忘錄交換儀式,象徵雙方合作邁向新里程,培育 更多創意工業人才。

出席嘉賓包括仁大行政副校長周德生博士、香港延展實境協會創辦人兼會長淘滿勳先生、藝術科技組織「XRE」合夥人馮正文先生、仁大工作實習辦公室總監兼新聞與傳播學系MDIT課程總監蘇啟智先生,以及新聞與傳播學系副系主任唐淑莊博士。

周德生博士致辭表示,仁大致力推動數碼人文,目標以數碼科技提升人文學科教學與研究,延展實境(XR)是其中之一。他又指出,校方籌辦結合數碼科技與人文學科的課程期間,香港延展實境協會給予許多寶貴意見,亦為仁大同學提供實習機會,將所學技術及知識應用於實踐當中。他認為,要培育創意工業的人才,院校與業界必須攜手合作,為同學提供理論與實踐並重的學習環境,期望展開更多新合作項目。

淘滿勳先生則指,XR在香港的應用廣泛,涵蓋市場營銷、商業培訓以至醫療。他形容香港位處全球的交匯點,地理位置有利於接收不同的內容、知識與人才,對本港以至整個粵港澳大灣區的延展實境內容創作發展特別有利。他承諾協會將提供大量實習機會,培訓不同類型的人才,為各業界提供延展實境的創作方案。

新傳系同日舉行「新傳講座」,主題為「延展實境 (XR)科技的商業和藝術無限機遇」。主講之一的淘 滿勳先生指,培養人才可多樣化,例如有些人專做藝 術創作,不用擔心生意問題;有些人認識科技,考慮如 何做生意;亦有人從事中介角色,促進創作人與生意 人的溝通。他寄語大學生不用太擔心,可先尋找自己 屬於哪種性格的人,從而發掘自己的發展方向。

馮正文先生認為,香港的觀眾較內斂,不習慣在活動場地隨處遊走,在策展沉浸式體驗活動時,需要做好預熱的聲畫工夫,以便參與人士首先體驗和了解環境,隨後再設法加入其他內容。他認為,空間不是靠一個人而構成,當中價值在於所有人循同一個方向參與而構成的體驗,成功引發大家的興趣才是重點,「科技是配菜,創作才是重點」。

香港樹仁大學社會學系助理教授吳妮娜博士指出,藝術文化領域很需要科技,例如有逾八百年歷史的法國巴黎聖母院,在2019年遭嚴重焚毀,之後依靠集齊各種影像數據,令大眾有機會重新認識文物,過程亦有助文化保育。

語言學習新時代 仁大AI工具提升寫作效能

陳健榮博士展示聊天機械人「繁體中文寫作助手」。

香港樹仁大學語言中心(中文部)於人工智能(AI)平台Poe、Coze及Chipp AI推出四款語言學習的免費聊天機械人,分別為「繁體中文寫作助手」、「簡體中文寫作助手」、「廣東話寫作助手」和「多語翻譯助手」。當中最新面世的「多語翻譯助手」提供直譯、意譯及直譯與意譯結合三個版本,讓用家選擇最適合的譯本。

仁大中國語言文學系助理教授、語言中心(中文部)總 監陳健榮博士強調AI工具只是助手,主導權掌握在人 手上,最終決定要經人類思考後作出。

「繁體中文寫作助手」、「簡體中文寫作助手」及「廣東話寫作助手」三個系統可以識別中文文本的錯別字和病句,附上正確答案和改善方案。其中「廣東話寫作助手」可以將中、英、日、德等多種語言翻譯為廣東話,功能與繁簡體中文寫作助手相同,確保全文一致使用廣東話口語。

陳健榮博士接受《樹仁簡訊》訪問時表示,中心開發的AI聊天機械人除了教授廣東話,繁體中文錯別字檢測也是重頭戲。他解釋,市面上的繁體中文檢測系統不多,準繩度也不高。語言中心乘著AI強勁勢頭,去年掌握新技術、自行研發AI聊天機械人,檢測錯字的準確度高達近九成,亦能分辨提問中的書面語和廣東話口語,並糾正錯誤字句。

陳健榮博士認為,語言中心AI機械人較其他語言學習工具為佳,前者不但辨識文本的錯別字,亦能識別夾雜口語的字句,並支援繁簡體中文。惟聊天機械人的開發過程中存在挑戰,因為AI平台政策不時有變,例如AI開發平台Coze突然實施收費,團隊去年暑假臨急臨忙將聊天機械人轉移至免費平台Poe,現時4款機械人為最先進的GPT-40模型。但GPT-4或GPT-40等語

言模型不斷轉變,團隊未來有機會轉用其他模型。

但陳健榮博士強調,學校堅守學術誠信,語言中心的 AI機械人不負責生成,學生必須親手完成文章,再由 AI機械人檢查錯別字及潤飾字句。

對於有指過度依賴AI技術會減弱語文和寫作能力,陳 健榮博士則表示,大型語言模型生成的文字是否可 取,最終由人決定,只有人類才明白生成文字是否適 合當中語境、能否表達作者的訊息。若果生成內容不 理想,作者可自行修改生成內容或提示。

他又指,使用AI與減弱語言能力無關,以往聽說讀寫四種語言技能同樣重要,現時在AI協助下,可減低寫作壓力,但閱讀量比以往更多,閱讀能力也需要提高。例如利用AI撰寫文章時,需要不斷生成內容,用家裏具備良好的閱讀技巧,才能篩選最好的文本。他說,明題的服務對象是人類,人類切勿淪為電腦的奴隸,只要好好善用AI聊天機械人,語文能力也會提高。最後陳健榮博士衷心感謝仁大管理層及中國語言文學系的支持,讓語言中心得以研發聊天機械人。

語言中心(中文部)積極推廣AI寫作助手,計劃與中英文課程結合,甚至推廣至中小學和報社,吸引更多人使用。陳健榮博士亦補充,學生使用後反應正面,他們寫畢業論文或做功課時使用AI工具,可減輕寫作壓力,將更多時間投放於內容創作、研究或論說過程。四款AI機械人尚未完全成熟,生成的文本僅供參考,需要用家試用及提供反饋意見。

從遊戲到運動 研究推動電競與心理健康並存

香港樹仁大學輔導及心理學系副教授符瑋博士領導的跨學科團隊,於2021年獲得香港研資局資助,展開為期三年,名為「為電競時代來臨作出準備:以跨學科及建基於生物生態模式開發防止青少年電子遊戲成癮的整全計劃」的研究。

研究活動之一「超越遊戲 - 從遊戲到電競之可持續發展」的開幕禮,於2024年9月13及14日在仁大的顧鐵華費肇芬伉儷廣場舉行。

仁大協理學術副校長(大學研究)李允安博士致辭時 表示,團隊從不同學科、行業、觀點以及層面,探討推 動電競發展與促進青少年心理健康的並存方案,目標 之一是建立一個電競知識平台。

而符瑋博士致辭亦指出,電競不單是遊戲,更是運動,甚至稱得上為國際運動、新興文化,但仍需要社會配合,迎接電競浪潮。

據研究團隊對120名沒有及不同程度電玩經驗的大學生,以及16名參加公開賽的電競運動員進行的成癮研究發現,沒有電競運動員落入成癮分數區間,運動員與一般玩家於成癮症狀及心理健康上也沒有分別。

符瑋博士又指,輔導及教育界對電競存在誤解,誤以為所有電玩遊戲等於電競,相反輔導專業與電競可以並存,建議將運動心理學納入電競訓練,促進隊員身心健康。他補充,近年開始出現有關電競的正面論述,但整體而言大眾尚未完全接受電競,「(電競)發展快,但思想仍要調節」,呼籲相關業界加強推廣。

活動上中國香港電競總會會長陳龍盛先生亦引述 2023年環球電競市場數據,指亞太區佔近一半市場

- 仁大輔導及心理學系副教授符瑋博士(中)和電競選手Denesis(右) 交流電競的可持續發展方案。
- 活動場內展出多部「紅白機」,香港學生電競總會創會主席秦逸朗(右)與同學一決高下。
- 「超越遊戲 從遊戲到電競之可持續發展」活動開幕禮順利完成。

份額,當中約五成來自中國,換言之中國佔全球電競市場約四分之一,中東地區是目前發展最快的市場。另外,手機遊戲、電腦遊戲和遊戲機的市佔率原本各佔三分之一,但近年來手遊佔比不斷增加,目前佔市場一半份額,遊戲機和電腦遊戲分別佔三成和兩成。電競收益亦按年上升,去年達到15.57億美元,主要來源是公司贊助,贊助商亦趨向多元化,例如汽車品牌、餐飲等。

在活動最後的分享會環節,嘉賓香港學生電競總會創會主席秦逸朗先生、復古遊戲策展人胡耀東先生、著名電競手黃俊彥先生(Denesis)及吳淳彥先生(小V)互相交流香港電競發展,秦逸朗坦言,現時香港電競運動員傾向到其他地方發展,期望有朝一天選手留港發展。他又分享電競比賽時出現突發事故時有發生,最嚴重一次更是比賽途中伺服器突然更新,所以最重要是要預先訂下應對規則,以確保比賽公平。

香港樹仁大學中國語言文學系於10月14日舉行「金庸 小說的版本譜系與文本研究的關係」客席講座,邀請 香港珠海學院助理教授邱健恩博士,暢談金庸小說 三大版本和修訂歷史,讓同學更認識金庸小說的演變

邱建恩博士對金庸小說的研究,在於不同版本之間的 分別;他一開首分享《射鵰英雄傳》1976年香港版本 和1986年台灣版本,指1976年版本的降龍十八掌多 了四式,反映同一本書在不同地方出版,內容有所不

邱博士認為,研究作品之前,須了解有多少個文本和 版本,釐清每個版本之間的關係。他又指,作品的每 一版與另一版之間的不同,可追溯作者的修改過程, 有助於解決藝術作品起源和演變問題。而金庸小說與 其他作家不同,其不同版本可同時並存,也在市場流 涌,因此只閱讀最新版本並不足夠。
